Tutto iniziò nel 1964

quando Pietro Gattazzo fondò IMAC con una visione audace: prevedeva che in un futuro poco lontano gli animali domestici sarebbero diventati parte integrante delle famiglie. L'azienda intraprese così la produzione di gabbie per ornitologia e piccoli mammiferi.

IMAC ben presto conquistò l'attenzione internazionale grazie alla partecipazione alle principali fiere del settore. La chiave del successo fu la dedizione alla qualità e la continua ricerca di habitat sempre più adatti agli animali.

It all began in 1964

when Pietro Gattazzo founded IMAC with a bold vision: he foresaw that pets would soon become an integral part of families. The company began producing cages for birds and small mammals.

IMAC soon captured international attention by participating in major trade fairs. The key to success was a dedication to quality and the ongoing search for ever more suitable habitats for animals.

Espansione e Innovazione

Verso la fine degli anni '80, IMAC ampliò ulteriormente la sua gamma introducendo un reparto dedicato allo stampaggio di materie plastiche. Questa mossa strategica non solo ampliò l'offerta di prodotti, ma diede anche un notevole impulso alla crescita aziendale. L'impegno costante verso la fusione di qualità e design divenne una caratteristica distintiva dei prodotti IMAC. All'inizio del decennio 2010, per rispondere alle esigenze del mercato, l'azienda ha incrementato la propria gamma di articoli con l'importazione di prodotti a proprio marchio.

Expansion and Innovation

By the end of the 1980s, IMAC further expanded its range by introducing a department dedicated to plastic moulding. This strategic move not only expanded the product offering but also gave a significant boost to business growth. The constant commitment to merging quality and design became a distinctive feature of IMAC products. In the early 2010s, to meet market needs, the company increased its product range with the import of IMAC-branded products.

Made in Italy

IMAC ha mantenuto saldamente la sua identità italiana, gestendo l'intero ciclo produttivo presso la propria sede.

La produzione di gabbie e di prodotti come toilette per gatti, trasportini e ciotole è saldamente fedele al marchio "Made in Italy". Oltre il 90% degli articoli da noi distribuiti è MADE IN IMAC. Anche per i prodotti di provenienza internazionale, garanzia e qualità hanno la stessa attenzione, grazie a rigorosi standard di controllo in ogni loro fase. Una squadra dedicata seleziona costantemente prodotti che per qualità ed innovazione garantiscono egualmente il benessere dei nostri amici animali.

Sfide e Successi

Nel corso degli anni, IMAC ha affrontato diverse sfide dove la costante attenzione alla qualità, alla ricerca e all'innovazione, ha portato a continui successi. La visione originale di Piero Gattazzo e la continuità garantita dalla seconda generazione con Gianluca si è consolidata ed IMAC continua ad essere un punto di riferimento internazionale nel settore degli accessori per animali d'affezione.

Made in Italy

IMAC has firmly maintained its Italian identity, managing the entire production cycle at its own facilities. The production of cages and items such as cat toilets, carriers, and bowls has remained true to the "Made in Italy" brand. Over 90% of the items we distribute are MADE IN IMAC. Even for internationally sourced products, the same attention is given to quality and guarantee standards.

A dedicated team constantly selects products that, through their quality and innovation, also guarantee animal welfare.

Challenges and Successes

Over the years, IMAC has faced several challenges, but constant attention to quality, research, and innovation has led to continued success. The original vision of Piero Gattazzo, carried forward by the second generation with Gianluca, has been consolidated, and IMAC continues to be an international point of reference in the pet accessories sector.

Mercato

con un'attenzione al mercato estero, ad oggi Imac vanta una realtà export consolidata in oltre 63 paesi nel mondo. Fin dai primi anni la presenza nei mercati europei ha evidenziato l'orientamento internazionale dell'azienda. Successivamente l'espansione ha poi toccato ogni continente. Nel mercato italiano, i prodotti IMAC sono disponibili in oltre 2000 negozi e con una costante crescita sia in termini di punti vendita che di visibilità e questo grazie alla rete di agenti presente su tutto il territorio nazionale.

Visione Futura

Guardando al futuro, IMAC mantiene salda la sua visione originale di creare prodotti che migliorano la vita dei nostri amici animali, con cui condividiamo gli stessi spazi e che consideriamo a tutti gli effetti parte della famiglia. La costante ricerca di soluzioni innovative ed il rispetto per l'eredità ed il know-how italiano rimarranno i pilastri fondamentali per l'evoluzione di IMAC nei prossimi anni.

La storia di IMAC è una testimonianza di passione, impegno e dedizione verso gli animali domestici dove l'unione fra tradizione e innovazione crea prodotti speciali, usati quotidianamente nelle famiglie di tutto il mondo.

Market

With an eye on the foreign market, IMAC today has a well-established export business in over 63 countries around the world. From the early years, the presence in European markets highlighted the company's international orientation. Subsequently, the expansion then reached every continent. In the Italian market, IMAC products are available in over 2000 stores, with constant growth both in terms of points of sale and visibility, thanks to a nationwide network of agents.

Future Vision

Looking to the future, IMAC remains committed to its original vision of creating products that improve the lives of our animal friends and their owners, which today we consider, in every respect, part of the family. The constant search for innovative solutions and respect for the Italian heritage and know-how will remain the fundamental pillars for the evolution of IMAC in the coming years.

IMAC's story is a testament to passion, commitment and dedication to pets, where tradition and innovation come together to create special products used every day by families around the world.

Posatoio a forma di ramo con diametri da 10 a 14 mm.

Questo posatoio permette di variare continuamente la presa delle zampe rendendo l'utilizzo simile a quello che si trova in natura; in questo modo gli uccelli possono esercitare la muscolatura che con i posatoi tradizionali non userebbero.

A branch shaped perch with a diameter from 10 to 14 mm. This perch encourages the bird to vary its grip continuously, as it would in the wild; this enables the bird to exercise muscles that it would not normally use with a traditional perch.

Fuffy

Sabbia super agglomerante bianca

White clumping cat litter

10 L

La lettiera "agglomerante bianca" deriva da bentonite minerale naturalmente bianca, la sua granula molto fine le consente di assorbire i liquidi velocemente formando così una piccola palla molto solida, in questo modo il resto della lettiera e il fondo della toilette rimangono puliti ed asciutti. Grazie alla rapidità di assorbimento e la super capacità agglomerante, questa lettiera vi consentirà un utilizzo prolungato.

White clumping cat litter is made from naturally white bentonite. The litter has fine granules allowing it to trap and absorb liquids quickly, forming small solid clumps, so the rest of the litter and the bottom of the litter tray remains clean and dry. Thanks to the rapid absorption and the super-clumping capacity, this litter lasts longer and remains effective over extended use.

Granulometria - Grain size 0.5-1.5 mm

Assorbimento - Liquid absorption > 250%

La ciotola "Dea 1" è progettata per rispettare sia il tuo felino che l'ambiente. Studiata per garantire un facile accesso al cibo senza che i delicati baffi del gatto entrino in contatto con i bordi, è perfetta per contenere acqua, cibo umido o secco.

Realizzata con materiale riciclato certificato "Food Safe" per il contatto con alimenti, questa ciotola assicura sicurezza e salute al tuo amico a quattro zampe. Inoltre, è dotata di piedini antiscivolo che ne garantiscono una maggiore stabilità e prevenire graffi sul pavimento.

The Dea 1 bowl is designed with both your cat and the environment in mind. Shaped to allow easy access to food without your cat's sensitive whiskers touching the sides, it's ideal for water, wet food, or dry kibble.

Made from certified recycled "Food Safe" material, it ensures safety and wellbeing at mealtimes. Non-slip feet provide added stability and help prevent scratches on your floor.

Coffee tree

L'osso Java è ricavato dalla lavorazione del legno della pianta del caffè, dopo la potatura vengono selezionati i pezzi migliori e vengono poi lavati e levigati. L'osso è naturale, non puzza e non si scheggia.

Soddisfa il naturale bisogno di masticare. È l'ideale per i cani allergici essendo privo di additivi artificiali e componenti animali.

Il legno del caffè è molto resistente, durante la masticazione le fibre del legno si sciolgono ed hanno un effetto come se si utilizzasse il filo interdentale. Piccole parti possono essere tranquillamente ingerite e sono digerite senza problemi.

The Java Bone is made of wood from the coffee plant. After pruning, only the best branches are selected and then washed and sanded for a smooth finish. The Java Bone is completely natural, extra strong, does not smell and it does not splinter.

The Java Bone satisfies the natural urge to chew and being completely non-toxic it is ideal for dogs with allergies because it is 100% natural and doesn't contain any animal or artificial ingredients.

Coffee plant wood is very resistant, the fine wood fibres melt when chewed and have a tooth brush effect, naturally cleaning the teeth. Small parts can be safely swallowed and are digested without problems.

Il catnip: l'erba della felicità felina!

Il catnip o *Nepeta cataria*, è una pianta completamente naturale che viene essiccata e sminuzzata fino a diventare una miscela friabile e irresistibile per i nostri amici felini, senza alcun effetto nocivo sulla loro salute. Appena ne sentono il profumo, molti gatti non riescono a resistere: iniziano a leccare, mordicchiare e rotolarsi con entusiasmo! Questo perché il catnip ha il magico potere di farli sentire felici, rilassati ed energici.

Ma non è tutto:

- Stimola il buon umore e l'attività fisica
- Favorisce la digestione e l'eliminazione dei boli di pelo
- Aiuta a regolare lo stomaco
- Rinfresca l'alito e contribuisce alla pulizia dei denti

This is because catnip has a magical power to make them feel happy, relaxed, and energetic.

But that's not all:

- Stimulates good mood and physical activity
- Supports digestion and helps eliminate hairballs
- Aids in regulating the stomach
- Freshens breath and helps to keep teeth clean

Gioco interattivo Interactive toy

I giochi interattivi per gatti sono fondamentali per il loro benessere fisico e mentale. Stimolano il movimento, aiutano a prevenire l'obesità e rafforzano i muscoli. Allo stesso tempo, mantengono attiva la mente del gatto, riducono la noia e soddisfano il suo naturale istinto di caccia.

Esistono vari tipi di giochi: dalle piste con palline ai puntatori laser, fino ai giochi che rilasciano cibo quando vengono risolti. Questi strumenti non solo migliorano la qualità della vita del gatto, ma rafforzano anche il legame con il proprietario attraverso momenti di gioco condiviso.

Interactive toys are essential for a cat's physical and mental wellbeing. They encourage movement, help prevent obesity, and strengthen muscles. At the same time, they keep your cat's mind active, reduce boredom, and satisfy their natural hunting instincts.

There are many types of toys available: from ball tracks and laser pointers to puzzle feeders that dispense treats when solved. These toys not only enhance your cat's quality of life but also strengthen the bond with their owner through shared playtime.
